

**Sheboygan County Nonattainment Meeting with EPA Region 5
February 17, 2017**

Agenda

1. Discussion regarding the transition from the 2008 ozone standard to the 2015 ozone standard
2. Overview of the recent comments submitted by the Task Force on the proposed 2015 ozone implementation rule
3. Discussion regarding the future regulatory usage of the Kohler Andrae ozone monitor
4. Discussion of EPA's Sheboygan County nonattainment classification bump-up from marginal to moderate classification
5. Potential for modification of the 2008 ozone nonattainment boundary for Sheboygan County
6. Potential for clean data finding / redesignation request for part of Sheboygan County
7. Discussion of the pending 2015 ozone nonattainment designations
8. What are the underlying requirements related to system modifications?
9. What next? Can new data of Haven Hwy 42 monitor and LADCO report allow for EPA reconsideration?
